Dear Sir:

In response to the Notice to Comply with Requirements for Patent Applications
Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures mailed on April 23,
2004, the undersigned hereby states that the content of the attached paper copy of the sequence
listing and the computer readable copy of the sequence listing submitted in accordance with 37
C.F.R. §§ 1.821-1.825, in U.S. Application No. 09/344,639, on September 23, 1999, and
identified as 532212000620, are identical. The submission includes no new matter.

The present application is a continuation application of U.S. Application No. 09/344,639. Applicants request that the Patent Office use the computer readable form of the sequence listing on file for U.S. Application No. 09/344,639 in lieu of filing a duplicate computer readable form in the instant application.

Applicants request consideration and entry of the Sequence Listing paper copy and computer readable copy. Pursuant to 37 C.F.R. 1.77, please enter the paper copy of the Sequence Listing after the Abstract.

In the unlikely event that the Patent Office determines that an extension and/or other relief is required as a result of this statement, Applicants petition for any required relief including extensions of time and authorize the Assistant Commissioner to charge the cost of such petitions and/or other fees due to our **Deposit account no. 03-1952** referencing 532212000624. However, the Assistant Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.

Respectfully submitted,

Dated: June 13, 2004
